

**Title: Engineers- Mechanical, Electrical and Process**

Genalta Power is a Canadian based, clean power generation company leading the way in waste energy to power applications. As a client oriented solutions provider, we are able to capture energy from sources such as waste heat, pressure and gas and create cost-effective and environmentally responsible electricity. Genalta is developing projects in strategic regions of North America with an emphasis on the Oil, Gas and Chemical Industries.

**WHY GENALTA?**

- ✓ Create your own career path
- ✓ We are growing you can grow with us
- ✓ Be rewarded through the company's performance based bonus

You will work with other creative engineers in a collaborative environment that encourages new ideas to develop industry leading technology. You will use a variety of new and existing technologies to develop unique solutions that maximize the potential of each energy source. Our Engineering team provides solutions to technical problems and is responsible for job planning and quality production.

The successful candidate will be a team player with the ability to solve challenging problems and work in a collaborative environment to build the Engineering Division. The ideal candidate will have the ability to recognize opportunity and will have following qualifications:

- ✓ A professional engineer (P.Eng.) licensed or eligible to be licensed in Alberta.
- ✓ Minimum 5-10 years of experience.
- ✓ Strong analytical, communication and collaboration skills, to break down problems, understand impacts and develop practical solutions.
  
- ✓ Influential interpersonal skills, building positive and strong relationships at all levels of the organization, as well with external clients.
- ✓ Excellent verbal and written communication skills.
- ✓ Proficient computer skills and experience with industry standard software.
- ✓ Self motivated, strong analytical skills and detail-oriented.
- ✓ Ability to work with limited supervision.

The above position offers an excellent opportunity in a growing company to individuals that are results driven, have the ability to align their activity to achieve desired results and excel at meeting their commitments. The position is located in Calgary; AB. Genalta offers a compensation plan that includes salary and performance bonus. We thank all interested candidates for applying however Genalta will only be contacting those individuals we wish to interview. The posting will remain open until a suitable candidate is located. Please indicate in your response the following:

- ✓ Your educational background
- ✓ Professional designations currently held
- ✓ Experience specific to the required qualifications
- ✓ Technical discipline (electrical, mechanical, process, etc.)
