

## **ANNOUNCEMENT**

### **Joseph P. Kiss Joins Genalta Power as General Manager**

CALGARY, ALBERTA – (June 16, 2011) – Genalta Power Inc. is pleased to announce that Joseph P. Kiss has joined the company as General Manager and will oversee the company's operations.

Joseph will be responsible for corporate planning, direction and coordination of Genalta's power generation business. As a professional engineer registered with APEGGA, Joseph has extensive executive experience in research and product development, materials, environmental and facilities engineering, project management, operations, business development and corporate management.

"Joseph's 15 years of senior management experience delivers a solid operational roadmap for Genalta Power as we continue to grow" said Graham Illingworth, CEO.

Joseph has a Masters of Engineering in Environmental Engineering and a Bachelor of Science in Civil Engineering from the University of Calgary, with executive program from the Haskayne School of Business.

#### **About Genalta Power Inc.**

Genalta Power is a privately held Canadian corporation in the business of developing, owning and operating independent power plants that produce and sell environmentally friendly electricity from waste energy sources. Genalta Power pursues a mix of waste heat recovery, waste fuel gas and waste pressure projects. Genalta Power is developing projects in strategic regions of North America with an emphasis on the oil and gas industry.
