

# Genalta Power

## **Title: Project Manager**

Genalta Power Inc. is a Canadian based, clean power generation company leading the way in waste energy to power applications. As a client oriented solutions provider, we are able to capture energy from sources such as waste heat, pressure and gas and create cost-effective and environmentally responsible electricity. Genalta is developing projects in strategic regions of North America with an emphasis on the Oil, Gas and Chemical Industries.

### **WHY GENALTA?**

- ✓ Create your own career path
- ✓ We are growing you can grow with us
- ✓ Be rewarded through the company's performance bonus

The **Project Manager** is responsible for all facets of the delivery of Genalta's waste energy to power solutions. You will work with creative engineers in a collaborative environment that encourages new ideas to develop industry leading technology in renewable energy. You will use best practices in managing people and projects as well as a commitment to continuous improvement to deliver projects and expand the addressable market through improvements in technology and cost performance. The Project Manager is responsible for maintaining a strong relationship with the client while delivering the project objectives.

The successful candidate will be a team player with the ability to solve challenging problems and create new technology in a collaborative environment. The ideal candidate will have the ability to recognize opportunity and will have following qualifications:

- ✓ An engineering degree.
- ✓ Minimum 5 + years of project management experience.
- ✓ Strong analytical, communication and collaboration skills, to break down problems, understand impacts and develop practical solutions.
- ✓ Working knowledge of regulations, codes, standards and best practices (some enacted through legislation) that affect Genalta's engineering standards while advising and/or taking action on the potential impacts.

# Genalta Power

- ✓ Knowledge of environmental practices, engineering design principles, contract management and project management.
- ✓ Strong presentation and writing skills.
- ✓ Proficient in the use of Microsoft Office Suite including Microsoft Project.

Experience working in one or more of the following:

- ✓ Oil and Gas Industry
- ✓ Petrochemical Sector
- ✓ Renewable Energies

The above position offers an excellent opportunity in a growing company to individuals that are results driven, have the ability to align their activity to achieve desired results and excel at meeting their commitments.
